

HOUSE OF COMMONS

LONDON SW1A 0AA

July 2018

Dear Constituent,

Thank you for contacting me about the CLIC Sargent campaign.

I recognise that a cancer diagnosis can have devastating consequences for the lives of young people diagnosed with cancer and their families; the Government is working hard to improve services for patients in England within the constraints of the resources available to the NHS.

Cancer can affect all areas of a person's life, including relationships, work and finances and I am aware that 83 per cent of cancer sufferers say they have been financially affected by their condition. People require holistic support from diagnosis onwards, encompassing their physical, financial, psychosocial and information and support needs, throughout their entire cancer journey.

The Government recognises that cancer survivors require significant support after their treatment. Ministers are working closely with cancer charities to ensure long-term care and assistance is provided to all cancer patients. In 2015 it was announced that everyone diagnosed with cancer in England will benefit from a tailored recovery package by 2020, a key recommendation in the Cancer Strategy. The recovery package, developed by Macmillan Cancer Support, will signpost people to rehabilitation and financial support services to help with the costs of cancer.

Children and teenagers with serious or critical illnesses such as cancer are also entitled to apply Disability Living Allowance or DLA (or a Personal Independence Payment if over 16). This is a tax free allowance, which contributes to the extra costs incurred by families in caring for children with additional needs and includes a mobility component. Children in receipt of DLA can receive up to £139.75 a week and people who are terminally ill can have their claim fast tracked to access benefits sooner. Families and carers can also qualify for Carer's Allowance and receive £62.10 a week if they are eligible. Some councils also run Council Tax Reductions schemes for people on low incomes or who claim benefits.

Details on help with health costs in the NHS in England, the Healthcare Travel Costs Scheme, can be found here:

Thank you again for taking the time to contact me.

Yours faithfully,

A handwritten signature in blue ink, reading "Chris".
